

FinGuard AI — Fintech RAG Test Dataset

Customer Verification Policy

All new customers must complete identity verification before accessing regulated financial services. Required information includes full legal name, date of birth, residential address, and a valid government-issued identification document.

Transaction Limits

Transaction Type	Daily Limit	Monthly Limit
Standard Bank Transfer	\$10,000	\$100,000
International Transfer	\$5,000	\$50,000
Card Purchase	\$5,000	\$50,000

Refund Policy

Eligible card transactions may be disputed within 60 calendar days of the transaction date. Approved refunds are normally processed within 5 to 10 business days after review. Explicitly disclosed service fees are generally non-refundable.

Fraud Monitoring

FinGuard monitors unusual transaction volume, geographic patterns, rapid movement of funds, and repeated failed authentication attempts. Transactions may be temporarily held while additional verification is performed.

Customer Support

Standard customer support is available Monday through Friday from 9:00 AM to 6:00 PM. High-priority fraud reports are accepted 24 hours a day through the emergency reporting channel.

RAG Test Questions

- What is the daily limit for international transfers?
- How long does a customer have to dispute a card transaction?
- What information is required for identity verification?
- What activity can trigger fraud monitoring?
- When is standard customer support available?
